

TOGO TELLS OF HIS NAVAL MANEUVER

Describes Second Attempt of Japs to Bottle Up Russians at Port Arthur.

WASHINGTON, March 29.—The Japanese Legation has received from Tokyo the following report, made by Admiral Togo respecting the second attempt to bottle up the Port Arthur squadron:

"About 3:30 a. m., of the 27th of March, the bottling-up squadron, composed of four ships, escorted by torpedo boat destroyers flotilla and torpedo boat flotilla, reached the outside of Port Arthur, and without minding the searchlights of the enemy steered straight toward the entrance of the harbor.

"At about two marine leagues from the entrance the bottling-up squadron was discovered by the enemy. Thereupon the shore batteries and guardships showered a hot fire on the squadron, but, in spite of the terrific fire, the ships made their way into the interior roadstead, one after the other.

Four Vessels Sunk.
"The Chiyo Maru, anchored at a position about half a cable from the Golden Hill, blew up itself and sunk. The Fukui Maru passed a little ahead of the Chiyo Maru by its left side, and, at the moment when she was laying its anchor, was shot by a torpedo from the enemy's destroyers and sunk in that position. The Hachi-Hiko Maru, anchored to the left of the Fukui Maru and blew up itself and sunk.

"The Yoneyama Maru, colliding with the stern of one of the enemy's torpedo boat destroyers, passed by the others and anchored in the roadstead. At this moment the ship was shot by a torpedo from the enemy and, consequently, by reason of that torpedo, was carried toward the left side shore and sunk sideways.

"The result of the action being as above described, there is some space left between the Hachi-Hiko and the Yoneyama Maru. It is a matter of regret that the roadstead could not be completely closed up.

Two Officers and Two Sailors Killed.
"The casualties were as follows: Killed: Commander Hirose Takeo, one under officer and two sailors; seriously wounded: Sub-Lieut. Shimaga, slightly wounded: Lieut. Masaki, Engineer Kurita and six sailors. The remainder were safely taken in by our torpedo boat destroyer flotilla and torpedo boat flotilla.

"Of the torpedo flotilla the Oadaka and the Taubane, while escorting the bottling-up squadron, and at about one mile from the entrance of Port Arthur, engaged in a fight with one destroyer of the enemy and inflicted serious damage on her. The enemy's ship retreated, raising an enormous column of steam, as if her boiler was broken.

"When all the members of the bottling-up squadron had been taken in, and our boats withdrew to the outside of the harbor a ship, which appeared like one of the enemy's, was seen at the foot of Golden Hill, utterly incapable of action.

"Although both our destroyer flotilla and torpedo boat flotilla were subjected to terrific firing from the enemy until the dawn, not the slightest damage was done to any of the boats."

KAISER MEETS QUEEN MARGHERITA ON THE SEA

ROME, March 29.—The meeting between Dowager Queen Margherita and Emperor William took place today. She left Rome at an early hour by special train for Terracina, where an automobile was in waiting. Going swiftly to Gaeta, Queen Margherita boarded the Italian battleship Regio Umberto, named after her dead husband, and went to meet Emperor William, who was on his way from Naples to Gaeta on board the imperial yacht Hohenzollern.

The two ships met out at sea. The scene was picturesque, as many flags fluttered gaily in the air, the crews cheered and the bands played the national anthems of Italy and Germany.

FARMER DYES HIS HAIR TO COMMIT BIGAMY

SAPULPA, I. T., March 29.—Enamored of his neighbor's pretty daughter, Harvey Anglin, a farmer near here, dyed his hair and beard black, had two gold fillings inserted in his front teeth, and began his courtship. So complete was the change in his appearance that his own wife did not know him, and he was married to Miss Melissa Stubbfield. Recently Stubbfield secured evidence of Anglin's perfidy and swore out warrants for his arrest on the charge of bigamy. Anglin has fled.

BACK SLASHED WITH A BUTCHER KNIFE

Burt Leroy had a narrow escape from death last night when he was cut across the back with a butcher knife in the hands of Joe Brown, who is now in the city jail. The men were employed in a lunch room on Second South and had been friends for years. They got into a quarrel over some trivial matter which resulted in a fight. Leroy hit Brown and the latter retaliated by cutting his antagonist a fearful gash across the back with a carving knife. The gash was four inches long and an inch deep. The wounded man bled fearfully, but he showed remarkable grit and never flinched while Dr. Giesy sewed up the wound. He is in no danger. Brown was arrested by Officer Armstrong and placed in the city jail to await his hearing.

NEW STYLE ITCH BUGS IMPORTED FROM EUROPE

Special to The Tribune.

NEW YORK, March 29.—Above is a picture of the newest imported pest. It is a skin burrowing bug just arrived from Europe, and is fast spreading over the country. The illustration shows papa, mamma and baby acarus scabiei. Their mission in life is to get into this country from Europe and burrow under persons' skins and make them scratch, scratch, scratch.

Doctors give the tribe an awful reputation. They say the acarus scabiei is a foreigner, coming from Europe by steamer—that is, usually.

On every hand or wrist he finds a home. He is an adventurous spirit, and

he does not hesitate to wander from an old homestead. He is known to the general public as the European Itch-mite. You shake hands with a friend or a stranger and that is the opportunity of a lifetime for a mite to leave a path behind and seek new fields of conquest.

The accompanying pictures were obtained by courtesy of the superintendent of the New York Academy of Music, and the illustration shows a mite magnified three hundred fold.

The entire west side of New York is infested, and the scourge has already extended into New Jersey, Connecticut, Massachusetts, Canada and the territory within a few hundred miles of Ellis island. Unless some radical step is taken the entire country will be overrun by this European pest.

LIVELY TILT OVER CHANGE IN IRRIGATION BILL

House Committee Has Stormy Discussion Over the Proposed Amendments.

WASHINGTON, March 29.—The question of committee jurisdiction resulted in a lively session today in the House Committee on Irrigation and Reclamation. The committee adjourned when the hour of 12 o'clock arrived, with an appeal from the ruling of Chairman Mondell pending. The trouble arose over a bill introduced by Representative Reeder, providing for amendments to the national irrigation act.

When the bill was taken up by committee Mr. Reeder moved to strike out the first two sections. Subsequently this motion was made to cover all after the enacting clause of the bill. Mr. Underwood immediately presented a substitute which was a repeal clause for the desert land law.

Mr. Marshall of North Dakota made a point of order against this substitute, first, that it was a matter over which the committee did not have jurisdiction, and second, that it was not germane to the pending bill. The chairman sustained this point of order, and from his decision Mr. Underwood appealed. A meeting for further consideration of the matter has been called for Thursday. The repeal of the desert land law, the timber and stone acts and the reclamation clause of the homestead act is legislation which Mr. Reeder has been advocating. A bill he introduced to this end he had referred to the irrigation committee. This reference was changed by the House and the bill was sent to the committee on Public Lands. The effort today to get legislation along the desired line by substituting the Reeder bill for the one referred to in an irrigation bill brought on the row in the committee. The test of strength will come when a vote is taken on the appeal from the decision of the chair, which is in order at the next sitting.

Justice Brewer's theme was "Obedience to Law in the Civil Duty," and his discourse was listened to with marked interest by an audience that filled the Auditorium theater.

INCREASE IN POSTAL APPROPRIATION BILL

Rural Mail Carriers Allowed to Carry Merchandise and Receive Newspaper Subscriptions.

WASHINGTON, March 29.—The Post-office appropriation bill will be taken up in the Senate tomorrow. It is said the bill will carry \$1,000,000 more than the bill passed by the House. The House bill provides for the rental of the Pennsylvania railroad site in New York City for postoffice purposes, but the Senate committee decided that it would be better to provide for the rental of the site for \$2,000,000 is made for that purpose.

The salaries of rural free delivery carriers are fixed at \$720 a year, and the carriers are permitted to carry merchandise for hire and receive subscriptions for and deliver newspapers and periodicals. It is stipulated that the carriers shall not discriminate against any newspaper. Senator Clay's amendment increasing the salary of the purchasing agent for the Postoffice department to \$400 and requiring that all supplies must be bought by competitive bid, the contracts to be given to the lowest bidder and that a schedule of the bids must be sent to Congress annually, was adopted. Provisions for the payment of the Oceanic Steamship company at a rate of \$1 per mile for the carrying of mail between San Francisco and Tahiti was restored to the bill.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys begin to get better they will help all the other organs to health. A trial will convince anyone.

Most gratefully yours,

Columbus, Ga.

Weak and unhealthy kidneys are responsible for many kinds of diseases, and if permitted to continue much suffering and fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water often during the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back, joints and muscles; make your head ache and back ache, cause indigestion, stomach and liver trouble, you get a yellow, low complexion, make you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste away.

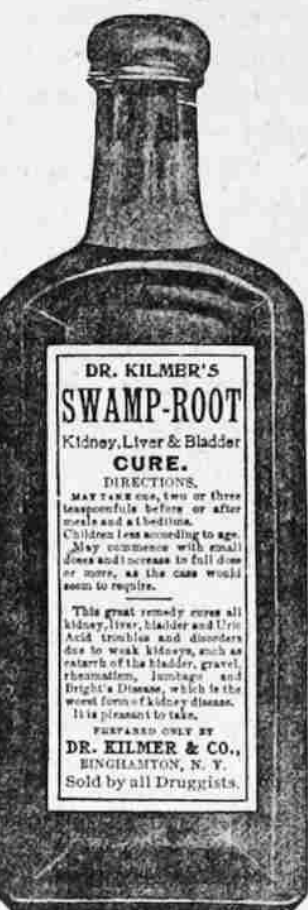

The cure for these troubles is Dr. Kilmer's Swamp-Root, the world-famous kidney remedy. In taking Swamp-Root you afford natural help to Nature. For Swamp-Root is the most perfect restorer and gentle aid to the kidneys that is known to medical science.
